Learn to Skate USA

Learn to Skate USA is the premier skating program in the country and our mission is to provide a fun and positive experience that will instill a lifelong love of skating. The program has been developed as a beginning ice skating program which will enable skaters of all ages and abilities to learn the fundamentals of ice skating and take them successfully on to either a competitive or recreational Figure Skating, Hockey, or Speed Skating program.

Snowplow Sam 1-4: This Program is designed to help preschool age children (3-6) develop the preliminary coordination and strength necessary to maneuver on skates. The four progressive levels will help the young skater develop confidence while experiencing success in his or her skating.

Basic 1-6 : Beginning skaters, ages 6 and up are introduced to the fundamentals of the sport in a safe controlled environment. These six levels of the program introduce the fundamentals - forward skating, backward skating, stops, edges, crossovers and turns. Upon completion of the Basic 6's the skaters will have the basic knowledge of the sport enabling them to advance to the more specialized areas.

Pre-Freeskate, Freeskatte 1-6 : The Freeskatte levels are designed to give skaters a strong foundation on which to build up their skills. This is the point where the skater can choose whether to pursue a recreational or competitive approach to the sport of figure skating.

Learn to Skate to Play Hockey - After passing Basic 1 and 2 this is the next step for the aspiring hockey player. This class will consist of only skaters hoping to progress into Learn to Play Hockey and beyond. Skaters will continue to learn the basic fundamentals of skating, concentrating on the skills necessary to play hockey.

Adult 1-6 : The Adult curriculum is designed for the beginning adult skater. It will promote physical fitness and improve coordination while learning proper skating techniques. Divided into four levels, adult skaters will progress at an individual rate while being challenged and motivated.
