Learn to Skate USA – Hockey Basics

Learn to Skate USA is the premier skating program in the country and our mission is to provide a fun and positive experience that will instill a lifelong love of skating. The program has been developed as a beginning ice skating program which will enable skaters of all ages and abilities to learn the fundamentals of ice skating and take them successfully on to either a competitive or recreational Figure Skating, Hockey, or Speed Skating program. The Hockey curriculum is designed to teach the fundamentals of hockey skating. In four badge levels, skaters will learn how to be more proficient and agile on the ice. Proper skating techniques for the game of hockey are the primary focus of the levels. All elements will be taught without a puck. Skaters will learn the basic hockey stance, stride, knee bend, use of edges and other necessary fundamentals to be successful in hockey practices and game situations.
